Happy New Year from the SSN 777 Club

Our Tarheel Boat remains in the shipyard which is an important and challenging process for the command and crew. Boats and sailors belong at sea! Good news is that the crew enjoyed a modest stand-down period over the holidays with a relaxed working routine allowing time with families.

Mele Kalikimaka from NC to HI

Thanks to Terry Snyder and his volunteer team at [Operation North State](#), 167 boxes of North Carolina products were delivered to the 777 for distribution to the crew. A good time was had by all trading Honey Buns for Texas Pete and NC peanuts for Mount Olive pickles.

All Hands Working Party

Our current major initiative is to procure BB 55 teak to replace those teak boards in the Messing and Berthing spaces damaged beyond repair in the current overhaul of the engineering spaces.

The 777 Club continues to supply “Time Aboard Plaques” made of Battleship North Carolina teak to each departing crew member. Your donations pay for this entire process of material procurement, machining, engraving and FedEx to Pearl Harbor.

Our contribution target of \$4,000.00 will procure this teak and ship requested lengths to Pearl Harbor. Ship’s company will plane and install the BB 55 teak.

Thank You to Our Recent Donors. Every 77.70 Matters
